- 1-year standard warranty. Warranty will be extended for another year if you register your product online within 12 months of purchase (visit <https://www.russellhobbs.co.za>)

IMPORTANT SAFEGUARDS

When using any electrical appliance, basic safety precautions should always be followed including the following:

1. Please read the instructions carefully before using any appliance.
2. Use the fan only for purposes described in the instruction manual.
3. Always ensure that the voltage on the rating label corresponds to the mains voltage in your home.
4. Incorrect operation and improper use can damage the appliance and cause injury to the user.
5. The appliance is intended for household use only. Commercial use invalidates the warranty and the supplier cannot be held responsible for injury or damage caused when using the appliance for any other purpose than that intended.
6. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and

knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

7. Avoid any contact with moving parts.
8. To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.
9. Do not disassemble the appliance. There are no user serviceable parts inside.
10. Do not immerse appliance in water or other liquids. Do not use near sinks, baths and showers
11. Appliance should not be used outdoors, placed near a hot gas, electrical burner or placed in a heated oven
12. Do not block any ventilation openings.
13. Turn off and unplug before cleaning or storing.
14. No liability can be accepted for any damage caused by non-compliance with these instructions or any other improper use or mishandling of appliance.
15. To protect against electrical shock, do not immerse the fan, plug or cord in water or any other liquid or spray with liquids.
16. Children should be supervised to ensure that they do not play with the appliance
17. Close supervision is required when any appliance is used near or by children, pets and people with disabilities.
18. Check the power cord and plug regularly for any damage. If the cord or the plug is damaged, it must be replaced by the manufacturer or a qualified person in order to avoid an electrical hazard.
19. Do not operate the fan in the presence of explosive and/or flammable fumes.
20. Do not use the appliance if it has been dropped or damaged in any way. In case of damage, take the unit in for examination and/or repair by an authorised service agent
21. To reduce the risk of electric shock, do not immerse or expose the motor assembly, plug or the power cord to water or any other liquid.
22. Place the fan on a dry level surface
23. Do not hang or mount fan on a wall or ceiling
24. Remove the plug from the socket by gripping the plug. Do not pull on the cord to disconnect the appliance from the mains. Always unplug the fan when not in use before cleaning or when adding or removing parts.

25. This fan should not be placed in a damp place or where there is high humidity, such as a bathroom.
26. Do not allow the cord to touch hot surfaces and do not place on or near a hot gas or electric burner or in a heated oven.
27. DO NOT carry the appliance by the power cord.
28. In case of technical problems, switch off the machine and do not attempt to repair it yourself. Return the appliance to an authorised service facility for examination, adjustment or repair. Always insist on the use of original spare parts. Failure to comply with the above-mentioned pre-cautions and instructions, could affect the safe operation of this machine.
29. The fan should be placed on a flat and stable surface when operating to avoid overturning

CONTROL PANEL

OPERATING INSTRUCTIONS

Insert the plug in to the wall power socket and switch on the main wall socket. The fan will make a beep sound and enter standby mode.

1. **Power on/off:** Press the power button once to switch the fan on. The fan will start at the lowest speed setting. The LED display will show the rooms ambient temperature. Press the power button once to switch the fan off and enter standby mode.
2. **Speed setting:** Press the button to adjust the speed of the fan between 1 – 24. The LED Display will show the speed setting. Once the speed has been selected, after 5 seconds, the LED Display will show the rooms ambient temperature.
3. **Oscillation left/ right:** Press the button once to oscillate left and right. Press the button to switch off the oscillation.
4. **Mode function:** The fan has 3 fan modes – Normal/ Natural/ Sleep. Press the mode button continuously to scroll between the different modes. The corresponding indicator light will light up.
5. **Timer off function:** Press the button to choose the desired future off time between 1-12 hours. Once the timer has been set, after 5 seconds, the LED Display will show the rooms ambient temperature. After the time is up the fan will switch off.
6. **Light display:** While the fan is on, press the light button and the coloured light will light up. Press the light button continuously to scroll between the various lights available – white/ purple/ blue/ green/ off.

REMOTE CONTROL

- When using the remote control for the first time, remove the insulation sheet on the back of the remote control before use.
- The usage range of the remote control is within 5 metres from the fan receiver. If the remote control is not facing the receiver, its usable range will be reduced.
- Do not have any obstruction between the receiver and the remote control.
- If used in a room with high-frequency machines, the remote control may malfunction (the sensitivity of the remote control will be reduced when exposed to electromagnetic interference)

FAN CLEANING AND MAINTENANCE

- Turn off and unplug the unit prior to cleaning.
- Clean the fan with a clean, damp cloth and wipe dry.
- Never spray with liquids or submerge the fan in water or any other liquid.
- Do not use flammable liquids, chemicals, abrasive creams, steel wool or scouring pads for cleaning.
- Use a dry cloth to thoroughly dry the blades and the grilles before reassembling

STORING THE APPLIANCE

- Unplug the unit from the wall outlet and clean all the parts as instructed above. Ensure that all parts are dry before storing.
- Store the appliance in its box or in a clean, dry place.
- Never store the appliance while it is still wet or dirty.
- Never wrap the cord around the appliance

SERVICING THE APPLIANCE

There are no user serviceable parts in this appliance. If the unit is not operating correctly, please check the following:

- You have followed the instructions correctly
- That the unit has been wired correctly and that the wall socket is switched on.
- That the mains power supply is ON.
- That the plug is firmly in the mains socket.

If the appliance still does not work after checking the above:

- Consult the retailer for possible repair or replacement. If the retailer fails to resolve the problem and you need to return the appliance, make sure that:

- The unit is packed carefully back into its original packaging.
- Proof of purchase is attached.
- A reason is provided for why it is being returned.

If the supply cord is damaged, it must be replaced by the manufacturer or an authorised service agent, in order to avoid any hazard. If service becomes necessary within the warranty period, the appliance should be returned to an approved Home of Living Brands (Pty) Limited-service centre. Servicing outside the warranty period is still available, but will, however, be chargeable.

CHANGING THE PLUG

Should the need arise to change the fitted plug, follow the instructions below.

This unit is designed to operate on the stated current only. Connecting to other power sources may damage the appliance. Connect a three-pin plug as follows:

The wires in this mains lead are coloured in accordance with the following code:

Green/Yellow = Earth

Blue = Neutral

Brown = Live

If the mains cord **does not** have a green and yellow wire then do not connect anything to the Earth pin.

PLEASE AFFIX YOUR PROOF OF PURCHASE/RECEIPT HERE
IN THE EVENT OF A CLAIM UNDER WARRANTY THIS RECEIPT MUST BE PRODUCED.

1 YEAR WARRANTY

1-year standard warranty. Warranty will be extended for another year if you register your product online within 12 months of purchase (visit <https://www.russellhobbs.co.za>)

W A R R A N T Y AND EXTENDED WARRANTY

1. Home of Living Brands (Pty) Limited ("Home of Living Brands") warrants to the original purchaser of this product ("the customer") that this product will be free of defects in quality and workmanship which under normal personal, family or household use and purpose may manifest within a period of 1 (one) year from the date of purchase ("warranty period").
2. Home of Living Brands shall extend the warranty period for a further period of 1(one) year ("extended warranty period"), on condition that the purchaser registers the product on the website, within 12 months from the date of purchase of the product. The website address for registration: <https://russellhobbswarranty.co.za/>
3. Where the customer has purchased a product and it breaks, is defective or does not work properly for the intended purpose, the customer must notify the supplier from whom the customer bought the product ("the supplier") thereof within the warranty period or if applicable, the extended warranty period. Any claim in terms of this warranty must be supported by a proof of purchase. If proof of purchase is not available, then repair, and/or service charges may be payable by the customer to the supplier.
4. The faulty product must be taken to the supplier's service centre to exercise the warranty.
5. The supplier will refund, repair or exchange the product in terms of this warranty subject to legislative requirements. This warranty shall be valid only where (a) the customer is not the cause of the product breaking, and (b) the product has been used for the intended purpose stipulated in the product manual. The warranty does not include and will not be construed to cover products damaged as a result of disaster, misuse, tamper, abuse or any unauthorised modification or repair of the product.
6. This warranty will extend only to the product provided at the date of the purchase and not to any expendables attached or installed by the customer. In this regard any accessories supplied with the product by the supplier, may be excluded in this warranty or extended warranty (see Exclusions to Warranty and Extended Warranty document).
7. If the customer requests that the supplier repairs the product and the product breaks or fails to work properly within 3 (three) months of the repair and not as a result of misuse, tampering or modification by or on behalf of the customer, then the supplier may replace the product or pay a refund to the customer, subject to the supplier's discretion.
8. The customer may be responsible for certain costs where products returned are not in the original packaging, or if the packaging is damaged. This will be deducted from any refund paid to the customer.

EXCLUSIONS TO WARRANTY AND EXTENDED WARRANTY

1. Any accessories supplied with the product, including but not limited to, bowls, jugs, mills, or carafes made either of glass or plastic and supplied with this appliance (hereinafter referred to as "the accessory or accessories"), is warranted to be free from material and workmanship defects for the duration of the appliance warranty.
2. The accessories should give trouble free service when used in accordance with the directions described in the instruction manual. However, the accessories will be damaged if subjected to impact, and this damage is not covered by the warranty. Such impact damage can occur either from the outside (if for example it is dropped or knocked against a hard surface), or from within (if for example foreign objects are placed within the accessories and the power is switched on).
3. Should you need to replace an accessory during the warranty period; a claim for a free replacement will only be considered if the item (including all shards and broken parts) is returned to the nearest HOLB service centre for examination.
4. The remains of the accessory will be carefully examined by the relevant professionals and if it is determined (at the sole discretion of HOLB) that the damage was caused by impact, then the claim will be refused and will not be covered by the warranty or any extended warranty.
5. Any replacement part provided in terms of clause 4 above will become a chargeable item payable by the customer.
